

Just a note to say thanks!

In April 2010 we engaged Titchfield Builders to build a double story extension at the rear of our Victorian cottage.

Having quoted for the project in February we agreed a start date of April 19th and on that date Andre and his team duly arrived!

The price quoted to us was the price we paid (with the exception of any extras added by ourselves) and the whole project was completed on time.

We were initially worried that having builders in and around our home whilst we were living in it would be very intrusive and difficult but we needn't have as, without exception, all of the guys on site were pleasant, helpful and polite and made it as easy for us as they possibly could.

Thank you Andre and team for a job well done – we would certainly recommend you!

Phil and Sam Ponsonby
